

FINANCIAL AND COMMERCIAL.

The Stock Market Heavy and Sales Reduced.

GOLD STEADY AT 112 5-8.

Government and Railway Bonds Quiet—Investment Securities Unsettled—Money on Loans 3 and 3 1/2 Per Cent—Foreign Exchange Firm.

WALL STREET.

Wednesday, April 26—F. M. T.
There was no opening for alpatropic stock dealers to-day; homoeopathy was the rule and prices, fluctuations and general activity were exhibited in infinitesimal quantities. The patient as compared with yesterday's state was simply no better and no worse, though perhaps a trifle weaker as our closing bulletin. That is to say, the best prices of the day for the leading fanatics showed a falling off of a half per cent or so at the wind up, with no prospective change for the better to-morrow.

The Times money article of to-day says:—"United States bonds are firm, but speculative shares are weak. Whatever be the precise stage of the paralysis of trade in America, it is evident that great general depression prevails."

STATE BONDS.

In State bonds Illinois coupon dates of 1870 sold at 105 1/2; Missouri, long sixes at 105 1/2; and District of Columbia, 3 5/8% at 105 1/2.

INVESTMENT SECURITIES.

Investment shares were generally steady, although still weak. Morris & Essex brought 102 1/2 to 102; Chicago and Alton, 99 1/2; New York and New Haven, 150 to 155; Delaware and Lackawanna, 100% to 101%; Erie, 14 1/2; do, preferred, 23 to 23 1/2; New York Central, 101. In Paris, five per cent rents for the new account, 100 1/2.

The Times money article of to-day says:—"United States bonds are firm, but speculative shares are weak. Whatever be the precise stage of the paralysis of trade in America, it is evident that great general depression prevails."

RAILROAD BONDS.

Railroad bonds were quiet and devoid of feature. Northwestern consolidated gold coupons rose to 91 1/4 1/2%; Morris & Essex seconds sold at 110; do, consolidated frats at 107 1/2; Union Pacific frats at 104 1/2%; Chicago, Burlington and Quincy consolidated seven at 111 1/2; Fort Wayne seconds at 109 1/2%, and Rock Island at 110 1/2.
